1. Print out all pages excluding this one. Staple together with your cover (next page) on the front and the award page as the last page.

2. Leave the last four pages out of the book as they are the pages for children to cut out and glue in.

You will need:

- Coloured pencils, felt pens or crayons.
- Scissors
- Glue
In this big and small activity
There are many things
To see and do
Like colour the big dinosaur red
And colour the small one blue

Guess who lives on the smallest planet
It is Zonty
in activity two
Draw him a line
to find his way home
And he will be friends with you

Colour Easter eggs
In activity four
Yes you can colour them all
Then when you are through
Go back again
And circle the eggs which are small
Then on the next page
you’ll see
lots of shapes
Colour matching shapes
the same
Then draw a line from
the biggest to smallest
It is part of
the activities game

Colour in the trucks
and cut them all out
When you’re done
Line them up in a row
Put the biggest truck
at the top
The smallest
at the bottom
Then they are
ready to go

Congratulations
You’re at chapter ten
Now you know
big from small
On your way to school
Try and find
different things
The biggest and
smallest of all.

Congratulations

______________On your efforts and hard work to learn the difference between big and small.

Dear Parent/Caregiver,

______________ has completed the mini activity on big and small.

How you can help extend on this concept...

• Discuss big and small items in your home, such as small plates, big plates, big tree, small tree. You will find lots of items around your home.
• Compare your hand with your child and discuss big and small, allow your child to ask lots of questions.
• When on an outing or in the car look for items along the way that you can challenge your child. i.e.- Which building is the biggest?
  How many big trucks can you count?
